

THE FUTURE

1. Read the predictions about the year 2080. In pairs, put them in an order of possibility (in your view) . Start with the most possible one and comment on each prediction.

- By the year 2080 humans will live in other planets..
- We will have no privacy at all. 
- WIFI will be available anywhere on our planet. 
- All forms of transport will become electric.
- The effects of climate change will destroy the Earth .
- Physical money (coins and notes) won't exist anymore.
- Scientists will discover the secrets of immortality
- Aliens will invade our planet.

Your list of order:

Number 1 . _____

Number 2 . _____

Number 3 . _____

Number 4 . _____

Number 5 . _____
